

## Banff Trail Area Improvement Project Construction update – September 2020

### The Banff Trail Area Improvements Project – September 2020

#### Work underway

Construction is well underway with crews working on 24 Street N.W., northbound Crowchild Trail from 16 Avenue N.W. up to 32 Avenue N.W. On 24 Avenue N.W., crews have finished work on the north side between 19 and 15 Street N.W. and have started work on the south side between 14 and 16t Street N.W., which will be complete by fall 2020.

Construction has started on the north side of westbound 16 Avenue Banff Trail and Crowchild Trail. Work at the intersections of Crowchild Trail and 24 Avenue N.W. and Banff Trail and Crowchild Trail N.W. is underway and will be completed in the fall of 2020.

For more details, please refer to the [construction map](#), and the [detours and closures map](#).

#### Detours and lane closures

- A permanent northbound Crowchild Trail two lane detour between 16 Avenue N.W. and 23 Avenue N.W. is in place.
- Various lane closures will be occurring throughout the 2020 construction season along Crowchild Trail NW between 23 Avenue N.W. and 32 Avenue.
- Westbound 16 Avenue N.W. lane closures and detours will be ongoing throughout the 2020 construction season.
- A portion of 24 Street N.W. has been closed and a detour is in place. Please follow the detour signs to an alternate route.
- Parking closures along 24 Avenue N.W. as well as traffic and pedestrian detours are in place in localized areas and will be shifting along 24 Avenue as the work in various segments is completed.

#### Work we've completed

- The multiuse pathway into Confederation Park is now complete and open for use.
- The north segment of 24 Avenue between 19th and 15th Street N.W. is complete.
