The Community Services Guide is a publication of The City of Calgary, Calgary Neighbourhoods.

This Guide is intended for low income and vulnerable individuals to find services that may help in difficult times. It is not a full list of services available. Additional information is available on informalberta.ca, a website of community, government, health and social services. This online database is a partnership between Alberta Health Services and The City of Calgary.

211 is a free, confidential and multilingual telephone service that can connect you to many other programs and services not listed in this guide. If you cannot find what you’re looking for, or don’t have access to a computer, call 211 or talk to a staff member at any of the listed agencies.

The listing of an organization in this guide does not indicate its endorsement, nor does the exclusion of an agency imply a lack of approval.

For additional copies of the Community Services Guide, please contact 311. The Community Services Guide is available online at calgary.ca/communityguide.

“Everyday is a chance to change your life.”
