I. FILMING OR PHOTOGRAPHING

121. Commercial photographing, filming, or video taping of any part of a Cemetery and or City staff, may only take place with prior approval of the City staff members and the Cemeteries Lead/Administrator, and is subject to any conditions the Cemeteries Management Lead considers appropriate.

122. All filming proposals to be submitted for approval to Cemeteries Management Lead at least 48 hours prior to a scheduled shoot. This will allow avoidance of conflicts with any scheduled Interments.

123. A site meeting to discuss shooting locations and access concerns is to be arranged prior to scheduled shoot. Requests for the use of any City assets such as burial devices, Burial Lot drapes, etc. are to be presented at this time. Charges will apply for the use of such assets.

124. Dependent on the scope and scale of the proposed shooting, The City shall, at its discretion, require that a representative from The City be present during setup and filming in order to liaise with the production crew and protect the interests of The City. Charges including overtime pay for City staff will be payable by the production company.

125. Wherever possible Vehicles, trailers, and equipment are to be parked outside the Cemetery boundaries to avoid congestion within the Cemetery.

126. Priority will be granted to allow access to Burial Lots by visiting families during the course of shooting.

127. No disruption of any Interment service scheduled within a Cemetery is to take place. If an Interment is taking place within close proximity to the film site, all activities must cease until the Burial Lots service is completed.

131. All steps must be taken to protect the privacy of those interred within City Cemeteries and their families. No identifiable names are to be recorded from existing Monuments unless approvals for specific person are given by the Cemeteries Lead/Administrator. False monuments, removable coverings, editing, etc. can be used to address this concern.

J. WREATH LAYING CEREMONIES

Wreath laying guidelines are enacted for the common good of all Cemetery patrons in an effort to provide guidance respecting ceremonies for those that have served our country. The guidelines that follow are based on practical considerations, with the aim of presenting a respectful ceremony. A guide to Commemorative Service can be found at www.vac-acc.gc.ca

132. Events must be booked and approved by the Cemeteries Management Lead a minimum of 30 days prior to the date of ceremony.
133. No disruption of any Interment service scheduled within a Cemetery is to take place.
134. Steps shall be taken to prevent damage to any turf areas, Monuments, trees, etc. within the Cemetery.
135. Wherever possible Vehicles, and equipment are to be parked on roadways to avoid congestion within a Cemetery.
136. All attempts will be made to allow access to Burial Lots by visiting families during the course of the ceremony.
137. Ceremony services must conclude no later than 4:30 P.M.
138. Cleanliness of the ceremony area is the responsibility of the organizer. All wreaths must be removed from a Cemetery within 5 days of the ceremony. If ceremony items and wreaths are not removed by the organizer and are removed by The City, removal of such items and cleanup of the Cemetery become the cost thereof to the organizer which may be recovered as a debt due The City by the organizer.
139. The City recognizes a wreath laying precedence: according to the Royal Canadian Legion, depending on who is present, the order of precedence is:
- a representative of the Queen (Governor General, Lieutenant Governor)
 - a representative of the Government of Canada (highest ranking official present)
 - a representative of a provincial government
 - a representative of a municipal government
 - a Silver Cross Mother
 - a representative of the Canadian Forces
 - a representative of the Royal Canadian Legion
 - representatives of other organizations and individuals

The order in which wreaths are laid may vary to suit the ceremony at a local level. However, it is imperative that a wreath representing Canada be laid before all others.
