

Bowness Park

Feb. 2020

The Southwest Calgary Ring Road project, led by The Province, includes expanding the Stoney Trail bridge across the Bow River near Bowness Park. We'd like to share with you some of the construction activities scheduled in Bowness Park.

Pathway detour

Access is needed for trucks to haul material in and out of the bridge construction area. To allow that access and to keep Park users safe, a pedestrian detour has been installed on the north side of the park. This detour will be in place for the duration of the bridge project. The detour is illustrated below in the map.

Temporary Park Closure

There will be a large volume of construction materials being delivered to site this spring.

To minimize the disruption to the site and ensure the safety of Calgaryans, Bowness Park will be closed for approximately two to three weeks to accommodate the increased construction traffic. The park will be closed to vehicles but open to pedestrians for the duration of these weeks. The closure is expected to take place in April, information will be shared when dates are known. Bookings will be temporarily unavailable while the park is closed, but available once re-opened.

Contact

For questions, comments or concerns about the Southwest Ring Road project please contact the Province using the 24/7 phone line at 403-212-0565 or email them at info@SWCRRproject.com. You can find more information about this project at swcrrproject.com.
