2. DEVELOPMENT GUIDELINES

The Development Guidelines will be those set out in Section 33 (General Rules for Commercial Districts) and Section 42 (Central Business Commercial District) except as noted below.

a. Density

The maximum development on Site 1 shall not exceed a total of 82,681 square metres (890,000 square feet). All of this development may be commercial.

b. Building Positioning and Height

i. The height and positioning of structures on this site shall be such as to provide sunlight penetration to any major open space on this site, and the block immediately to the north at times of maximum use.

c. Plus 15

The Development will provide in accordance with a phasing plan to be incorporated in the Concept Plan referred to below:

- i. Plus 15 Walkways in a north/south and, if required by the Approving Authority, east/west direction in a location and form as described in the Concept Plan referred to below, to the standards for such walkways in force at the time of application for a Development Permit;
- ii. provide one climate-controlled plus 15 bridge, or pay cash-in-lieu of same, linking this site to the site to the south or west if required by the Approving Authority;
- iii. provide one-half of a climate-controlled plus 15 bridge, or pay cash-in-lieu of same, linking the site to the north across 2nd Avenue S.W.;

- iv. provide appropriate supports and stairs to grade to accommodate required Plus 15 bridges as identified in the Concept Plan.

d. Parking

Parking shall be provided for all commercial uses at a rate of 1 stall per 140 net square metres of development. A maximum of 100% and a minimum of 75% of the required car parking shall be provided on-site unless limiting engineering constraints are demonstrated to the satisfaction of the Approving Authority. Any spaces not provided on site shall be provided through payment of a “cash-in-lieu of parking payment” at a rate, or provided as alternate off-site parking, all in accordance with the policies of the City in force at the time of application for a Development Permit.

A minimum of 10% of the commercial parking provided on site shall be provided as short term public parking in accordance with the City policy regarding terms and conditions for the provision of such parking in force at the time of application for a Development Permit.

Parking for all residential uses shall be provided at a rate of not less than 0.5 stalls per unit.

e. Open Space

A total of 2,596 square metres (27,949 square feet) of open space shall be provided as landscaped space on Site 1 in accordance with the Concept Plan referred to below. Such space may include all by-lawed setback areas required under Section 17 of By-law 2P80.

Provision of such landscaped open space shall be phased as follows:

- i. Up to 52,024 square metres (560,000 square feet) of development. Landscaped area shall be provided at the rate of 1 square metre of landscaping per 80.6 square metres of development which area shall include the by-lawed setback areas adjacent to the portion of the site being developed.
- ii. From 52,024 square metres (560,000 square feet) up to 82,681 square metres (890,000 square feet) of development. Landscaped area shall be provided at the rate of 1 square metre of landscaping per 12 square metres of development which area shall include the by-lawed setback areas adjacent to the portion of the site being developed.

f. By-lawed Setbacks

Such areas shall be dedicated at no cost to the City of Calgary either prior to or at the same time as the adjacent area of land is developed.

g. Improvements to Right-of-Ways

The pedestrian portion of the right-of-ways of 1st and 2nd Streets and 3rd Avenue adjacent to the site shall be upgraded to the standards and dimensions as specified in the Council-approved Handbook of Public Improvements. Such upgrading to be carried out in accordance with a plan and phasing to be determined as part of the Concept Plan referred to below.

2nd Avenue Right-of-Way

The right-of-way of 2nd Avenue shall be improved at the Developer's discretion under either of the following two alternatives:

- i. to the local road standard as defined in the Council-approved Handbook of Public Improvements for Downtown in which case the development will be responsible for constructing the pedestrian portion right-of-way adjacent to Site 1;

OR

- ii. as an accessway to private parking facilities in which case that portion of the right-of-way not required for such accessway shall be developed to the standards for pedestrian areas as defined for the local road standard in the Council-approved Handbook of Public Improvements.

h. Concept Plan

Prior to the approval of any Development Permit on this site, the applicant shall submit for the approval of the Approving Authority a concept plan.

Such plan shall:

- i. Indicate the general distribution and form of development proposed on the site.
- ii. Indicate the location, distribution and form of the landscaped areas referred to in Section (f).
- iii. Indicate the general location of +15 walkways and show the phasing of provision of such walkways and bridges to be developed on the site as referred to under Section "d" above.
- iv. Include a plan and phasing for construction of right-of-way upgrading required under Section g above.
- v. Show the treatment and phasing of construction of 2nd Avenue, such treatment and phasing to be agreed upon with the owner of the land to the north.

Such plan shall be updated with each subsequent Development Permit application.

i. Development Plans

Approval of this application does not constitute approval for Development Permits. Comprehensive plans, including building design, site layout, exterior finishes and colour, landscaping parking and accesses shall subsequently be submitted to the Approving Authority as part of a Development Permit application.

j. Floodplain Guidelines

Any new development shall conform with the City of Calgary Floodplain Guidelines to the satisfaction of the Approving Authority on the advice of the City Engineer.
