The following **Development Permit Complete Application Requirement List** outlines all of the information necessary to evaluate and provide a timely decision on your application. Only applications that are complete will be accepted. Applications and materials submitted must be clear, legible and precise. Plans submitted must be to a professional drafting standard. All plans must be clear of any previous approval stamps and/or notations. Please review the **Processing Times and Deemed Refusal** section.

**NOTE:** Building and Development Permit applications must be submitted without personal information on any plans. Omitting this information will protect builders and tenants by reducing the risk of any personal information being wrongfully displayed, while also following the Province of Alberta’s FOIP Act. Failure to follow this requirement may result in an incomplete application. If you consider the information to be personal, do not put it on the plans.

The Development Authority may require additional material considered necessary to properly evaluate the proposed development (as stated in Part 2, Section 26(3) of the Land Use Bylaw 1P2007).

Processing Times and Deemed Refusals
<p>Applicants are advised of their option under the Municipal Government Act to treat their application as being refused if the Development Authority fails to make a decision within 40 days of the application being accepted by the Development Authority, or at the expiry of an extended review timeframe specified by a time extension agreement between the Development Authority and Applicant. <a href="#">Time extension agreements</a> must be initiated by the Applicant.</p> <p>To exercise the “deemed refusal” option, an appeal to the Subdivision and Development Appeal Board must be filed within 14 days of the latest specified date for the review, or the right to an appeal is lost until such time as a decision is rendered on the application by the Development Authority.</p>
