

Application requirement list

Development Site Servicing Plan

The development site servicing plan application requirement list outlines all the information necessary to evaluate and provide a timely decision on your application.

For design guidelines and standards please refer to the [Design Guidelines for Development Site Servicing Plans](#).

Only applications that are complete will be accepted. Applications and materials submitted must be clear, legible and precise. Plans submitted must be to a professional drafting standard and be clear of any previous approval stamps and notations.

Submission Requirements:

- Three (3) copies of the entire submission package**
- Cover letter indicating the project scope and description. For re-submissions the letter must address each item from the previous review and specify any additional changes**
- Development Permit Number (not required where scope of work is strictly related to the underground utilities)**
- Three (3) site plans, for approval by the Fire Prevention Bureau (When required by Development Permit Conditions of Approval)**
- An approved Storm Water Management Report (If a report is required, provide the name of the report and a copy of the approval letter)**
- Three (3) executed copies of all public/private easements, utility/access right-of-ways, and drainage agreements, where applicable**
- Fee (See [Utility Site Servicing Bylaw](#) for review fees and inspection fees and procedures)**

Plan Requirements:

- contain a title block with information such as:**
 - address and legal description (section number; plan; block; lot)
 - project uses, and project name
 - name of consultant and an original signed engineer’s stamp (P.Eng., P.L., P.Tech), and legible permit to practice number
 - applicant name, and contact information
- include a circulation block** (found on page four of the [Design Guidelines for Development Site Servicing Plans](#))
- be sorted into sets:**
 - sets should be rolled, not folded
 - each set must be stapled together, NOT bound by tape
- paper size:**
 - all plans submitted must be on the same sized paper
 - drawings are clear and legible
 - maximum size of drawing not to exceed 0.600m x 0.900m

NOTE: Building and development permit applications must be submitted without personal information on any plans. Omitting this information will protect builders and tenants by reducing the risk of any personal information being wrongfully displayed, while also following the Province of Alberta's FOIP Act. Failure to follow this requirement may result in an incomplete application. If you consider the information to be personal, do not put it on the plans.
