Application requirement list

Development Site Servicing Plan

The development site servicing plan application requirement list outlines all the information necessary to evaluate and provide a timely decision on your application.

For design guidelines and standards please refer to the Design Guidelines for Development Site Servicing Plans.

Only applications that are complete will be accepted. Applications and materials submitted must be clear, legible and precise. Plans submitted must be to a professional drafting standard and be clear of any previous approval stamps and notations. For digital Development Permit submissions please contact the Planning Services Centre at (403) 268-5311 or calgary.ca/livechat to get your application started.

Digital submission requirements:
- All Documents must be named as listed on this Requirement List (in any naming convention that makes the document type identifiable)
- One PDF file per requirement
- All files must be in PDF format with no macros added

  ○ contain a title block with information such as:
    - address and legal description (plan; block; lot)
    - uses, project name

  ○ paper size:
    - all plans submitted must be on the same sized paper
    - drawings are clear and legible
    - drawings must be contained on each page (one plan should not span two pages)

Submission Requirements:

- One (1) copy of the entire submission package

- Cover letter indicating the project scope and description. For re-submissions the letter must address each item from the previous review and specify any additional changes

- Development Permit Number (not required where scope of work is strictly related to the underground utilities)

- One (1) site plan, for approval by the Fire Prevention Bureau (When required by Development Permit Conditions of Approval)

- An approved Storm Water Management Report (If a report is required, provide the name of the report and a copy of the approval letter)

- One (3) executed copy of all public/private easements, utility/access right-of-ways, and drainage agreements, where applicable

- Fee (See Utility Site Servicing Bylaw for review fees and inspection fees and procedures)
NOTE: Building and development permit applications must be submitted without personal information on any plans. Omitting this information will protect builders and tenants by reducing the risk of any personal information being wrongfully displayed, while also following the Province of Alberta’s FOIP Act. Failure to follow this requirement may result in an incomplete application. If you consider the information to be personal, do not put it on the plans.

<thead>
<tr>
<th>Required items</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Drafting Requirements:</strong></td>
</tr>
<tr>
<td>- plans to metric scale, minimum 1:100, all elevations in metric are GeodeticDatum</td>
</tr>
<tr>
<td>- north arrow, pointing to top or left of page</td>
</tr>
<tr>
<td>- municipal address (ie, street address) and legal address (ie, plan/block/lot)</td>
</tr>
<tr>
<td>- size of parcel (ha)</td>
</tr>
<tr>
<td>- label all elements of plan as <strong>existing</strong> or <strong>proposed</strong></td>
</tr>
<tr>
<td><strong>Legal Information:</strong></td>
</tr>
<tr>
<td>- plot and dimension property lines</td>
</tr>
<tr>
<td>- indicate elevations at back of sidewalk – at property line corners and VPIs</td>
</tr>
<tr>
<td>- indicate lane grade design elevations – at property line corners and VPIs</td>
</tr>
<tr>
<td>- provide tentative legal plan where applicable (consolidation, subdivision, or strata)</td>
</tr>
<tr>
<td><strong>Adjacent to parcel:</strong></td>
</tr>
<tr>
<td>- City streets, label street names</td>
</tr>
<tr>
<td>- sidewalks, City and public paths (Regional Pathway System)</td>
</tr>
<tr>
<td>- curb cuts, medians and breaks in medians</td>
</tr>
<tr>
<td>- road widening setbacks and corner cuts, dimensioned and labelled</td>
</tr>
<tr>
<td><strong>Easements, Utility Rights-of-Way, etc:</strong></td>
</tr>
<tr>
<td>- dimension (width and location)</td>
</tr>
<tr>
<td>- label type of easement and registration number</td>
</tr>
<tr>
<td><strong>Site Details:</strong></td>
</tr>
<tr>
<td>- outline of all detached buildings and structures (sheds, garages)</td>
</tr>
<tr>
<td>- label main floor elevations</td>
</tr>
<tr>
<td>- label principal entrance to building</td>
</tr>
<tr>
<td>- Indicate existing and proposed surface materials</td>
</tr>
<tr>
<td>- proposed and existing retailing walls and fences</td>
</tr>
<tr>
<td>- landscaping, berms, swales, slopes and other physical features which could affect utility servicing both on the site and adjoining boulevards</td>
</tr>
<tr>
<td>- label curb cuts to be removed and rehabilitated</td>
</tr>
<tr>
<td><strong>Water, storm and sanitary sewer (on and adjoining the parcel):</strong></td>
</tr>
<tr>
<td>- locations and full dimensions for mains, services, manholes, hydrants and valves to property lines, buildings, and other utilities (existing and proposed)</td>
</tr>
<tr>
<td>- show pipe size, type, class material, length, slope, and bedding material</td>
</tr>
<tr>
<td>- location of all manholes and catch basins complete with pipe inverts and rim elevations</td>
</tr>
<tr>
<td>- proposed sanitary/storm inverts at property lines and buildings</td>
</tr>
<tr>
<td>- horizontal and vertical clearances at all utility crossings</td>
</tr>
<tr>
<td>- locations of sanitary test manholes with details of easement if located on private property, if applicable</td>
</tr>
<tr>
<td>- pipe capacity for large developments</td>
</tr>
</tbody>
</table>
Shallow utilities (existing and proposed on and adjoining the parcel):
- gas
- electrical (poles, fixtures, guy wires/pole anchors, transformer boxes, etc.)
- cable, telephone

If trees are existing on public lands adjacent to the site:
- specify species and diameter of each tree
- location of the centre point of the trunk of each tree
- tree is to be retained or removed? (At owner’s expense)

Water:
- location of on-site water meter (indicated by M)
- architectural floor plan showing water meter room location that matches most recent, approved Development Permit Plan
- total residential unit count
- pipe support details where applicable: required where foundation wall less than 4 metres from property line

Surface drainage:
- plot existing and proposed surface grades along property lines and on site
- grade changes & ramps within all driveways and parking areas
- drainage pattern indicated by boundary lines and arrows
- stormwater release rate is being controlled to the rate provided with the Development Permit submission
- surface drainage contained on side and spills to a public roadway (spill elevation and location provided)
- ICD’s and HYDROVEX details (include all HYDROVEX details with application)
- stormwater features such as storm ponds, trap lows, ICDs, oil/grit separators, BMPs, or Low Impact Development Practices (complete with LID checklists)

Floodway, Flood Fringe and Overflow:
- floodway/flood fringe/overland flow lines on the plans complete with all step elevations and labels
- dimension distance to buildings and structures

Identify and provide justification for items that do not comply with Council approved policies, bylaw standards, or technical guidelines. Attach a separate sheet, if necessary.
