Protecting what's precious.
 Land. Air. Water.

Onward/ By 2020, per capita waste sent to City of Calgary landfills is reduced from 2007 levels by 80 per cent.

WASTE MANAGEMENT FOR EVENTS BIG AND SMALL

Whether your festival or event is big or small, Waste & Recycling Services can help you manage all of your garbage, recycling and composting.

We can tailor services to meet your needs from carts to roll-off bins.

- ❑ Any combination of blue, green and black carts for recyclables, food waste and garbage.
- ❑ Roll-off bins in sizes of 20, 30 and 40 cubic yards.
- ❑ We operate seven days a week.

Whether your event is on a weekday, weekend or holiday — we have you covered.

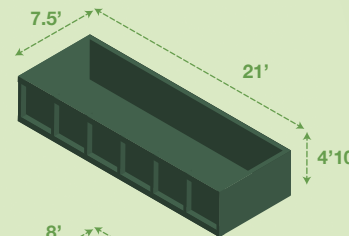

HOW MUCH SPACE IS NEEDED?

If you are considering using roll-off bins for your event we will need enough space to place and access the bins with our trucks. Contact us and we'll do a site assessment.

Here are the bin sizes available:

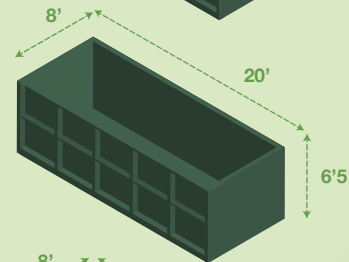

20 cubic yard bin:

21 feet long x
7.5 feet wide x
4 feet 10 inches tall

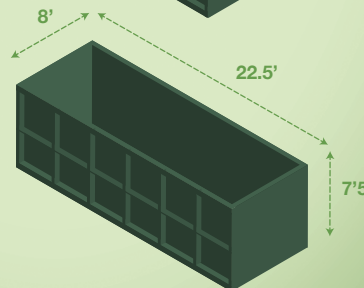

30 cubic yard bin:

20 feet long x
8 feet wide x
6.5 feet tall

40 cubic yard bin:

22.5 feet long x
8 feet wide x
7.5 feet tall

GREEN YOUR EVENT AND SAVE MONEY

The City's 80/20 by 2020 goal is to divert 80 per cent of waste from landfills by the year 2020. You can green your event and save some green while doing it.

Waste & Recycling Services can collect separated recyclables and food waste as well as garbage. The more you divert through recycling and composting, the more you save. Contact us for current pricing.

We can set up recycling, composting and waste stations with blue, green and black carts along with signage. Stations must be manned by your staff/ volunteers to prevent contamination. Our team of public educators is available to train your staff/ volunteers to make sure people attending your event put their waste in the right places.

Green your event and save some green while doing it.
