

# Bowness sanitary main replacement

October 17, 2019

The City of Calgary, Water Services will be commencing a sanitary main replacement on the 5400 block of Bowness Rd NW (please see reverse for map). This work is necessary to ensure continued operations of our system.

The work will commence on or about October 21, 2019 and is anticipated to be completed on or about October 28, 2019. Our hours of operation are between 6:30 a.m. to 6:30 p.m. with the understanding that this may change due to unplanned issues or emergency priority-work. We sincerely apologize for any inconvenience this may cause.

## Service Disruptions

At this time, we do not anticipate any disruption to the services. During construction, your normal garbage/recycling collection services will not be affected.

## Traffic

During the replacement please obey all worksite signage in place including the required traffic and No parking signs control measures. The traffic control measures, such as detours, lane closures or sidewalk closures, are required to ensure the safety of the workers and the public.

## Parking

There will be no parking in the effected shutdown area.

## Thank you

We understand that these repairs are an inconvenience and we apologize. The repairs are necessary to ensure that the sanitary (sewer) system is fully operational.

Water Services is committed to completing these repairs in as timely manner as possible.

Thank you, in advance, for your patience.

## Questions or Concerns

If you have any questions or concerns or would like more information please contact:
