

## **INFRASTRUCTURE PLANNING POSEIDONOnline Release 2.5 GO LIVE DATE – JUNE 29, 2017**

The City of Calgary, Water Resources, Infrastructure Planning is pleased to announce that POSEIDONOnline Release 2.5 will go live **June 29, 2017**. POSEIDONOnline will be shut down at 3pm Wednesday June 28, 2017 to start the upgrade and will be live noon Thursday, June 29, 2017. There are two new features that have been added to POSEIDONOnline Release 2.5, the CD-MR process and View Submissions page.

Construction Drawings – Minor Revisions (CD-MR) is a new, Water Resources-only process, developed to:

- Create more efficiency by formalizing and structuring the current “ad hoc” process.
- Provide better customer service to Applicants.
- Provide better coordination between internal groups.
- Structures information pertaining to minor revisions which can be used for the Water Resources CCC and FAC processes.

Please review the [Guide to Construction Drawings – Minor Revision](#) bulletin.

POSEIDONOnline View Submissions page has been developed to provide Applicants with up-to-date information on the status of Water only approvals submissions. Please review the [Guide to POSEIDONOnline View Submissions](#) bulletin.
