Overdose responses have increased by 60% in the last two weeks. The Transit Public Safety team is watching the issue closely. Calgary Police Service (CPS) is conducting several investigations into the increase, which is occurring city-wide.

Wins of the Week | Highlights, Successes & Milestones

- Transit peace officers assisted CPS in detaining a person wanted for a robbery with a weapon at Sunridge mall. The offender fled to the LRT station where Transit peace officers encountered him. Collaboration and an expedient flow of information from CPS to our Operation Centre's dispatchers to the officers in the field resulted in the offender being taken into custody without incident or injury to our customers and officers.
- The Community Outreach Team (COT) assisted an individual who had been assigned a probation officer in the deep south. With the help of the COT team, the person -- who is unhoused and has no means of transportation -- was reassigned to a probation officer located downtown.
- A good news story was posted in the [City's Newsroom](#) about Transit's silent text service, which is a function of the Transit Watch program.

Recent Initiative

- The Transit Public Safety recruitment project is in its final stages. 13 Transit peace officers will graduate and be deployed on the system this week. An additional 14 Transit Peace Officers will be onboarded and commence their twelve-week training program next week.
