

Calgary

Supporting businesses and our local economy

Calgary is a business and logistic hub for Western Canada with one of the lowest non-residential tax rates per \$1,000 of assessed value in major cities in Canada. Despite our recent economic downturn and the impacts of COVID-19, we remain committed to supporting Calgary businesses and investing in our city to create economic growth and resilience.

How we're supporting local businesses

Building and investing in Calgary

Calgary's Downtown Strategy leverages the collective efforts of The City and public and private partners to capitalize on opportunities to create jobs, drive economic recovery and revitalize our downtown. A strong downtown contributes to the success of the whole city by increasing revenues and our ability to provide City services.

Priority capital projects

Calgary's approved financial strategy will provide approximately **\$430 million** towards capital projects, including the Arts Commons and BMO Centre expansions, over the next 10 to 15 years. These projects will help build our city's Cultural and Entertainment District.

Greater Downtown Plan

Calgary's future success relies on downtown being a place where people want to live, visit, and set up businesses. We're investing **\$255 million** in infrastructure, public spaces, and neighbourhoods, that will further Calgary's economic growth and resilience.
