Arose from necessary Social Protocol:

The purchase of two tickets to the Sien Lok Chinese New Year event was in accordance with established social and civic protocol. The invitation was extended by former Councillor Terry Wong to attend a community celebration that included members of Council and the Mayor.

Attendance at this event supports relationship-building with community leaders and cultural organizations, aligns with the City's commitment to inclusivity and cultural recognition, and reflects standard protocol for elected officials to participate in significant community and cultural events.

Our office confirmed attendance to maintain these relationships and to represent the Ward in a broader civic context.
