REPORT NOTES

Most of the statistical data in this report is derived from the Calgary Police Service records management system (SENTRY) and compiled by the Centralized Analysis Unit. Disorder data is derived from the Computer aided Dispatch (CAD) system.

Reporting is based on the most serious offence in the incident. Please note that offences are assigned to the month in which the offence was reported, which is not necessarily the month the offence occurred. The reported date is the first point in time at which the police were notified of the offence and reporting lag may vary due to circumstances (these are typically property crimes where the victim did not report the offence until a later date, or was unaware of the loss until a later date, or late-reported sexual assaults). Also note that “attempted” offences are included in these totals. Violent crime offences, excluding robbery, are counted by the number of victims, using the most serious offence against the victim. Robbery, and all non-violent are counted at the incident level, using the most serious offence in the incident. Of note, cases are often cleared months and sometimes years later. Consequently, clearance rates for previous years may appear to be much higher than those of the present year. Cases “cleared by charge” and those “cleared otherwise” are included in these clearance rate totals.

For a more detailed explanation of the offence counting procedure, please contact the Centralized Analysis Unit.

¹Due to the dynamic nature of homicide investigations these numbers may have been updated manually to reflect the current homicide count. Due to manual updating, it's possible that 1 or more homicides may be reflected in the assault category. Homicide counts are provided by the homicide unit. ²Robbery is counted at the incident level, rather than at the victim level in accordance with Uniform Crime Reporting counting standards. ³The range of average is calculated as 1 standard deviation above and 1 below the calculated average for the previous five year period.

¹Due to the dynamic nature of homicide investigations these numbers may have been updated manually to reflect the current homicide count. Due to manual updating, it's possible that 1 or more homicides may be reflected in the assault category. Homicide counts are provided by the homicide unit.

²Robbery is counted at the incident level, rather than at the victim level in accordance with Uniform Crime Reporting counting standards.

³This represents the number of persons reported missing, not the number of outstanding missing persons. Roughly 99% of persons reported missing to Calgary Police Service are located.
