Executive Summary

- Total violent crime in the 4th Quarter was 4% higher than the 5-year average and 5% more than the 4th Quarter of 2022. 2023 saw 12% more violent crime than the 5-year average and 9% above volume noted at the end of 2022.
- There were four homicides during the 4th quarter of 2023 compared to a five-year average of 6. None of the four homicides were domestic-motivated. By the end of 2023 there were 21 homicides, a 12% reduction from average. Three of the 21 homicides in 2023 were domestic-motivated.
- Reported sexual offences were 11% below average in the 4th Quarter but in line with volume noted in the 4th Quarter of 2022. 2023 year-end volume was comparable to the five-year average.
- Robberies in the 4th Quarter were similar to the five-year volume and saw a 25% increase compared to the 4th Quarter of 2022. At the end of 2023 robberies were 8% higher than average (largely driven by an increase of person robberies) and 9% above volume in 2022.
- Assaults increased by 9% during the 4th Quarter compared to the 5-year average with most assault categories registering increases. Assaults were 13% above average for 2023.
- The presence of weapons in violent crime was 7% higher than the 5-year average during the 4th Quarter with increases across multiple weapon types. By the end of 2023, there was a 12% increase noted compared to the 5-year average.
- The number of victims of domestic violence declined 3% from the 5-year average during the 4th Quarter and by the end of 2023 volume was in line with the 5-year average.
- Property crime volumes were 10% below the 5-year average in the 4th Quarter of 2023 with reductions across most property crime types. By the end of 2023 property crime was 7% below average.
- The total number of young offenders identified was 6% above the 5-year average during the 4th Quarter with a 9% increase in violent crime (driven by a 41% increase of assaults) and a 5% increase of property crime (spread across most property crime types). The number of young offenders in 2023 was 15% above the five-year average.
- Youth victims of violent crimes decreased 7% during the 4th Quarter compared to average driven mostly by reductions in sex offence victims and robbery victims. By the end of 2023 there were 11% more youth victims of violent crime compared to the 5-year average.
- The total number of police service requests during the 4th Quarter was 4% higher than the five-year average. Police attended an average of 963 calls a day. This is 3% lower than the 5-year average.
- Citizen use of the online reporting system was 29% higher than the 5-year average during the 4th Quarter, with almost 42 reports per day. Online citizen reports were 44% above average by the end of 2023.
- Disorder calls accounted for an average of 222 calls from the public during the 4th Quarter of 2023. There was a 6% reduction in the 4th Quarter compared to the five-year average with declines noted across most disorder call types. The end of 2023 saw a 6% decrease of disorder calls from the five-year average. The most notable disorder call type increases in 2023 include disturbances, mental health concern and unwanted guests.

REPORT NOTES

Most of the statistical data in this report is derived from the Calgary Police Service records management system (SENTRY). Disorder data is derived from the Computer aided Dispatch (CAD) system. Data is compiled by the Corporate Data and Analytics Team of the Bureau of Service & Community Support.

Reporting is based on the most serious offence in the incident. Please note that offences are assigned to the month in which the offence was *reported*, which is not necessarily the month the offence occurred. The reported date is the first point in time at which the police were notified of the offence and reporting lag may vary due to circumstances (these are typically property crimes where the victim did not report the offence until a later date, or was unaware of the loss until a later date, or late-reported sexual assaults). Also note that “attempted” offences are included in these totals. Violent crime, excluding robbery, is counted by the number of victims, using the most serious offence against the victim. Robbery, and all other crime, is counted by incident using the most serious offence in the incident. Of note, cases are often cleared months and sometimes years later. Consequently, clearance rates for previous years may appear to be much higher than those of the present year. Cases “cleared by charge” and those “cleared otherwise” are included in these clearance rate totals.

For a more detailed explanation of the offence counting methodology, please contact the Corporate Data and Analytics Team (Bureau of Service & Community Support).

¹ Violent crimes are counted at the victim level using the most serious violation against each victim in an incident. ² Due to the dynamic nature of homicide investigations these numbers may have been updated manually to reflect the current homicide count. Due to manual updating, it's possible that 1 or more homicides may be reflected in the assault category. Homicide counts are provided by the homicide unit. ³ Robbery and all other crimes, as well as selected domestic non-criminal incidents, are counted at the incident level using the most serious offence in the incident. ⁴ Missing persons are counted by the number of missing individuals.

¹Due to the dynamic nature of homicide investigations these numbers may have been updated manually to reflect the current homicide count. Due to manual updating, it's possible that 1 or more homicides may be reflected in the assault category. Homicide counts are provided by the homicide unit. ²The range of average is calculated as 1 standard deviation above and 1 below the calculated average for the previous five year period.

¹Includes Online Citizen Reports (OCR). OCR allow for reporting of low value property damage/theft (incl. shoplifting) and property lost/found. Not all OCR submitted are entered into the police records management system.

² Attended calls for service, excluding callbacks.

³ Calls for service included in the "Mental Health Related" sub-category in this section include calls specifically coded as a mental health concern or mental health warrant. It is important to recognize that any call police are asked to attend may involve some element of mental health concern, even though they are not coded as such. Calls in this sub-category are not limited to public-generated calls as on the Disorder section of this report, as a result the numbers will not align between report sections.

⁴Number of calls for service where weapons have been mentioned/observed by the caller but are not yet verified by police.

NOTE: Disorder reported here includes only publicly generated calls. Dispatched, advised and callback calls are included.

Please note that there has been an update to the methodology for disorder going forward into 2023, involving the removal of threats and the filtering of online reports to only include mischief violations. Disorder counts will therefore not be directly comparable to previously published disorder reporting.

¹Mental Health Concern includes calls coded as a mental health concern or mental health warrant and does not reflect all calls relating to mental health.

²Landlord/Tenant and Neighbour Dispute call types expired in June 2020 but are still included within the five-year average for statistical comparisons. ³

Roughly half of Property Damage calls result in Criminal Code reports, which are counted mostly within 'Other Property Crimes'. ⁴ The range of average is calculated as 1 standard deviation above and 1 below the calculated average for the previous five-year period.

Source: Sentry, March 2024; Averages have been rounded to the nearest whole number; difference from average is calculated based on the unrounded figure.

¹Violent crimes are counted at the victim level using the most serious violation against each victim in an incident.

²Due to the dynamic nature of homicide investigations these numbers may have been updated manually to reflect the current homicide count. Due to manual updating, it's possible that 1 or more homicides may be reflected in the assault category. Homicide counts are provided by the homicide unit. ³Robbery and all other crimes, as well as selected domestic non-criminal incidents, are counted at the incident level using the most serious offence in the incident.

^{4A} Due to delays in processing of these records figures are considered incomplete.

⁵Missing persons are counted by the number of missing individuals.

⁶****NEW****Provincial Bill 21 introduced new sanctions for impaired driving offences under the Provincial Administrative Penalties Act (PAPA) on December 1st 2021. See page 14 for additional detail on provincial Immediate Roadside Sanctions (IRS)for impaired driving. The implementation of the new provincial legislation (Provincial Administrative Penalties Act) has resulted in a significant reduction in impaired offences under the Criminal Code as most first time impaired drivers will be subject to only an IRS:FAIL (the specific administrative penalty under the Traffic Safety Act for criminal level impaired driving offences), unless the incident results in death or serious bodily harm or other significant aggravating factors in which case criminal charges should also be pursued.
