## Executive Summary

- Total violent crime in the 4<sup>th</sup> Quarter was 9% above the 5-year average and in line with volume in the 4<sup>th</sup> Quarter of 2023. Assaults increased 12% in the 4<sup>th</sup> Quarter with above average volumes noted across several assault types. At the end of 2024, violent crime was up 13% compared to the 5-year average.
- There were 5 homicides during the 4<sup>th</sup> Quarter of 2024 (slightly less than the 5-year average). Two of the five homicides were domestic-motivated. The year ended with 18 homicides, down 8 from average (26). Five of the homicides in 2024 were domestic-motivated.
- Reported sexual offences were 11% below average in the 4<sup>th</sup> Quarter and 4% below average by the end of the year.
- The 4<sup>th</sup> Quarter saw 8% more robberies than average (driven by an increase of person robberies). Most of 2024 saw an above average volume of robberies (the last three quarters) noting an 8% by year-end. Commercial and person robberies were most notably above average in 2024.
- The presence of weapons in violent crime was 12% higher than the 5-year average during the 4<sup>th</sup> Quarter with increases across most weapon types. By year-end, there was a 14% increase in the presence of weapons with only a few reductions noted including firearms.
- Property crime volumes were 8% below the 5-year average in the 4<sup>th</sup> Quarter and 16% below average by the end of 2024. Almost all property crime types noted a decline this year (with the exception of fraud).
- The number of victims of domestic violence increased 6% in the 4<sup>th</sup> Quarter from the 5-year average and 14% above average by the end of 2024.
- The total number of young offenders identified was 7% lower than the 5-year average during the 4<sup>th</sup> Quarter driven mostly by a reduction in property crime involvement. The number of youth offenders identified in violent crime increased 14% compared to average this quarter (and up 17% overall by the end of the year).
- There was a 12% increase above average of youth victims of violent crimes during the 4<sup>th</sup> Quarter with increases of robbery and assault youth victims.
- The total number of police service requests during the 4<sup>th</sup> Quarter was similar to the five-year average. Police attended an average of 952 calls a day. This is 3% below the 5-year average.
- Citizen use of the online reporting system was 23% higher than the 5-year average during the 4<sup>th</sup> Quarter, with 59 reports per day.
- Disorder calls accounted for an average of 214 calls per day from the public during the 4<sup>th</sup> Quarter of 2024. There was an average volume of disorder in the 4<sup>th</sup> Quarter and an 11% decline by the end of 2024. Most disorder call types noted a decline in 2024 with the exception of abandoned auto and disturbance calls which were notably above average by year-end.

## REPORT NOTES

Most of the statistical data in this report is derived from the Calgary Police Service records management system (SENTRY). Disorder data is derived from the Computer aided Dispatch (CAD) system. Data is compiled by the Corporate Data and Analytics Team of the Bureau of Service & Community Support.

Reporting is based on the most serious offence in the incident. Please note that offences are assigned to the month in which the offence was *reported*, which is not necessarily the month the offence occurred. The reported date is the first point in time at which the police were notified of the offence and reporting lag may vary due to circumstances (these are typically property crimes where the victim did not report the offence until a later date, or was unaware of the loss until a later date, or late-reported sexual assaults). Also note that “attempted” offences are included in these totals. Violent crime, excluding robbery, is counted by the number of victims, using the most serious offence against the victim. Robbery, and all other crime, is counted by incident using the most serious offence in the incident. Of note, cases are often cleared months and sometimes years later. Consequently, clearance rates for previous years may appear to be much higher than those of the present year. Cases “cleared by charge” and those “cleared otherwise” are included in these clearance rate totals.

For a more detailed explanation of the offence counting methodology, please contact the Corporate Data and Analytics Team (Bureau of Service & Community Support).

Source: Sentry, February 2025; Averages have been rounded to the nearest whole number; difference from average is calculated based on the unrounded figure.

<sup>1</sup> Violent crimes are counted at the victim level using the most serious violation against each victim in an incident. <sup>2</sup> Due to the dynamic nature of homicide investigations these numbers may have been updated manually to reflect the current homicide count. Due to manual updating, it's possible that 1 or more homicides may be reflected in the assault category. Homicide counts are provided by the homicide unit. <sup>3</sup> Robbery and all other crimes, as well as selected domestic non-criminal incidents, are counted at the incident level using the most serious offence in the incident. <sup>4</sup> Missing persons are counted by the number of missing individuals.

<sup>1</sup>Due to the dynamic nature of homicide investigations these numbers may have been updated manually to reflect the current homicide count. Due to manual updating, it's possible that 1 or more homicides may be reflected in the assault category. Homicide counts are provided by the homicide unit. <sup>2</sup>The range of average is calculated as 1 standard deviation above and 1 below the calculated average for the previous five year period.

<sup>1</sup>Includes Online Citizen Reports (OCR). OCR allow for reporting of low value property damage/theft (incl. shoplifting) and property lost/found. Not all OCR submitted are entered into the police records management system.

<sup>2</sup> Attended calls for service, excluding callbacks.

<sup>3</sup> Calls for service included in the "Mental Health Related" sub-category in this section include calls specifically coded as a mental health concern or mental health warrant. It is important to recognize that any call police are asked to attend may involve some element of mental health concern, even though they are not coded as such. Calls in this sub-category are not limited to public-generated calls as on the Disorder section of this report, as a result the numbers will not align between report sections.

<sup>4</sup>Number of calls for service where weapons have been mentioned/observed by the caller but are not yet verified by police.

NOTE: Disorder reported here includes only publicly generated calls. Dispatched, advised and callback calls are included.

Please note that there has been an update to the methodology for disorder in late 2024 which includes the reclassification of a small subset of public-generated disorder calls more accurately reassigned to officer-generated. Disorder counts will therefore not be directly comparable to previously published disorder reporting.

<sup>1</sup>Mental Health Concern includes calls coded as a mental health concern or mental health warrant and does not reflect all calls relating to mental health.

<sup>2</sup>Landlord/Tenant and Neighbour Dispute call types expired in June 2020 but are still included within the five-year average for statistical comparisons.

<sup>3</sup>The range of average is calculated as 1 standard deviation above and 1 below the calculated average for the previous five-year period.

Source: Sentry, February 2025; Averages have been rounded to the nearest whole number; difference from average is calculated based on the unrounded figure.

1Violent crimes are counted at the victim level using the most serious violation against each victim in an incident.

2Due to the dynamic nature of homicide investigations these numbers may have been updated manually to reflect the current homicide count. Due to manual updating, it's possible that 1 or more homicides may be reflected in the assault category. Homicide counts are provided by the homicide unit.

3Robbery and all other crimes, as well as selected domestic non-criminal incidents, are counted at the incident level using the most serious offence in the incident.

4Due to delays in processing of these records figures are considered incomplete.

5Missing persons are counted by the number of missing individuals.

6Provincial Bill 21 introduced new sanctions for impaired driving offences under the Provincial Administrative Penalties Act (PAPA) on December 1st 2021. See page 14 for additional detail on provincial Immediate Roadside Sanctions (IRS)for impaired driving. The implementation of the new provincial legislation (Provincial Administrative Penalties Act) has resulted in a significant reduction in impaired offences under the Criminal Code as most first time impaired drivers will be subject to only an IRS:FAIL (the specific administrative penalty under the Traffic Safety Act for criminal level impaired driving offences), unless the incident results in death or serious bodily harm or other significant aggravating factors in which case criminal charges should also be pursued.
