INFO SHEET

TACTICAL EMERGENCY MEDICAL SUPPORT (TEMS)- Paramedics with additional training with the Calgary Police Tactical Unit for high-risk calls (weapons or violence).

INCIDENT RESPONSE PARAMEDIC (IRP)- Paramedics with additional training and equipment designed to treat patients from contaminated environments or situations.

RAPID ACCESS PARAMEDIC (RAP)- Paramedics deployed on mountain bikes for certain medical stand by events with difficult access to patients by regular ambulances.

AIR MEDEVAC CREW (AMC)- Paramedics dedicated to performing medical evacuations (medevacs) by aircraft for patients requiring faster air transport to different hospitals.

PUBLIC SAFETY UNIT (PSU)- Paramedics with additional training with the Calgary Police Public Safety Unit for large gathering and crowd situations.

MOBILE INTEGRATED HEALTH (MIH) COMMUNITY PARAMEDIC– Paramedics with a specialized focus in treating patients in the community where they live without the need to transport to a hospital.

EMS 9-1-1 EMERGENCY COMMUNICATIONS OFFICER (ECO)- Dedicated 9-1-1 staff with specialized training with the dispatch of all types of EMS resources.

DELRAY, ACCREDITED FACILITY DOG (AFD)- EMS's very own fully trained therapy dog, Delray assists staff with maintaining positive mental health and wellness.

INFO SHEET

PRE-SHIFT UNIT CHECK- Paramedics check their ambulances at the start of each shift to ensure they have all the necessary supplies for any call they are sent to.

STAMPEDE PARADE (2019)- EMS looks forward to being able to participate in such public events as the Stampede Parade when it is safe to do so again. Until then we limit our PR events out of an abundance of caution.

VEHICLE EQUIPMENT SERVICE SUPPLY TECH (VESST) PERFORMS STRETCHER MAINTENANCE- VESSTS serve an important role ensuring our EMS fleet is ready to go at all times.

EMS AT FIELD OF CROSSES- EMS were privileged to have participated at the annual Field of Crosses ceremonies last November with COVID19 precautions.

MEDIC MOOSE- EMS's official mascot, Medic Moose enjoys hanging out at public relations events. He will make his reappearance when it is safe again.

CREW IN FULL PERSONAL PROTECTIVE EQUIPMENT (PPE)- EMS crews take many safety precautions at this time in order to keep themselves, their patients, and other healthcare workers safe from COVID19.

MULTI-PATIENT VEHICLE (MPV)- EMS deploys its MPV to major incidents in Alberta where there may be more patients at a scene than standard ambulance crews can immediately transport.
