

## A circular illustration featuring a white rabbit holding a large pink flower, surrounded by various cute characters, hearts, and a rainbow. The scene is vibrant and whimsical, with a rainbow in the background and several small, cute characters and objects scattered around. The overall style is colorful and playful.

# Safety Expo Activity

**\*BREAKING NEWS\*** We live in a universe where scientists cracked the code and figured out how to bottle kindness! We can now give it to someone to drink when they need help practicing being kind to others.

## Creative Challenge:

Based on what you learned today at Safety Expo, design your very own 'Kindness in a Bottle' and submit it to your teacher. The Safety Expo committee will choose a winner, and the class with the winning design will receive a prize! Each design submitted is an entry into an additional prize draw, so time to get creative. What does kindness in a bottle look like to you? Show us below!

KINDNESS  
IN A  
BOTTLE!

Stay  
hydrated  
and kind!

# Mindfulness Coloring Pages

Research has shown that doodling and coloring while listening can help your memory. Feel free to make these your own while you attend the expo!
