* Statistics Canada defines **Family Persons** as those living in households that contain at least one census family, that is, a married couple with or without children, or a couple living common-law with or without children, or a lone parent living with one or more children (lone-parent family).

** **Non-Family Persons** are defined as those living in households consisting either of one person living alone in a private dwelling or to a group of two or more people who share a private dwelling, but who do not constitute a census family.
