

## **CALGARY FIRE DEPARTMENT FEE SCHEDULE**

All plans, drawings and specifications listed as per the Alberta Fire Code (AFC) 2014, with reference to the installation, alteration or removal of flammable and combustible liquid storage tanks or systems (underground, above ground; located inside and outside of buildings) are to be reviewed for approval by the City of Calgary Fire Department – Technical Services and will be subject to the fee schedule as noted below.

**Tank & Tank Systems Installation/Alteration Initial Review & Removal:** \$238.00 + GST

**Tank & Tank Systems Additional Review(s):** \$93.00 (per review) + GST

**Additional Inspections (if non-compliant on initial inspection):** \$104.00 + GST

**Safety Codes Council Levy:** \$12.00 (No GST)

Plans that are to be reviewed for approval by Technical Services will be delivered to:

**Fire Headquarters**  
4144 – 11<sup>th</sup> Street SE  
Calgary, Alberta, T2G 3H2

**Business Hours:**  
Monday - Friday  
8:00 AM – 4:30 PM

When submitting the application please provide:

**Company or Business name**  
**Contact information (individual responsible for the submitted plan)**  
**Email Address / Fax number**

Please refer to the attached tank drawings information sheet for the required information and details required for the approval process. Once the review and approval has been completed, you will be contacted by this office for pickup.

**Please do not submit payment with the plans. An invoice will be issued when the plan review is completed.**

If there are any further questions please contact 403-287-4235.
