PRABHJOTE (JYOTI) GONDEK - FORM 26

**Notes to the Financial Statements
 For The Year Ended December 31, 2021**

(Unaudited)

1. Basis of Accounting

The financial statement includes only campaign period revenue and expenditures on a cash receipt and disbursement basis. The financial statement disclosure is prepared per the guidelines provided by the Local Authorities Election Act (Section 147.3 and 147.4). The statement is defined as a "Campaign Disclosure Statement and Financial Statement".

2. Significant Accounting Policies

The campaign prepares its financial statement in accordance with Canadian accounting standards for cash receipts and disbursements basis of accounting. The significant accounting policies used are as follows:

Revenue Recognition

Campaign contributions are recognized as revenue when cash receipts are received.

Expenditures Recognition

Campaign expenditures are recognized as expenditures when the expense is incurred.

Measurement Uncertainty

The preparation of financial statements, in accordance with Canadian generally accepted accounting principles, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amount of revenues and expenses during the reporting period. These estimates are reviewed periodically and, as adjustments become necessary, they are reported in earnings in the period in which they become known.

3. Financial Instruments and Risks

The business risks associated with financial instruments are categorized as market (comprised of currency, interest rate, and other price risk), credit and liquidity risks. It is management's opinion that the campaign is not exposed to significant market (comprised of currency, interest rate and price risks) arising from these financial instruments.

However, the company is exposed to credit and liquidity risks.

b) Credit risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss. The campaign is exposed to credit risk in relation to campaign contributions. The campaign's contributions result from donations and fundraising activities. Concentrations of credit risk with respect to campaign contributions are limited, as the campaign does not recognize revenue until contributions are received.

c) Liquidity risk

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities. The campaign limits its liquidity risk exposure by only spending funds when there is enough cash receipts to cover the expenditures.
