About Green Line LRT – SE Project

The SE Segment, from Shepard in the southeast to the Event Centre/Grand Central Station in the Beltline, will build the first 16 kilometres of an overall 46-kilometre vision, before connecting with the future Downtown Segment and into the existing Red and Blue LRT Lines. Including the Downtown Segment, Phase 1 will build 17.2 kilometres of twin-track LRT infrastructure, 12 new stations, a maintenance and storage facility, three Park and Ride lots, and 28 new modern low-floor light rail vehicles.
