

Notice of upcoming construction activity

October 2026

[SCHEDULE UPDATE] 19 Street N.W. and 2 Avenue N.W. Crosswalk Installation

The City of Calgary is continuing work to improve accessibility, slow traffic and increase safety along 19 Street N.W. During site preparations, crews discovered a grading issue that requires a correction. As a result, the raised crosswalk installation at 19 Street and 2 Avenue N.W. is now rescheduled to take place on **October 8**.

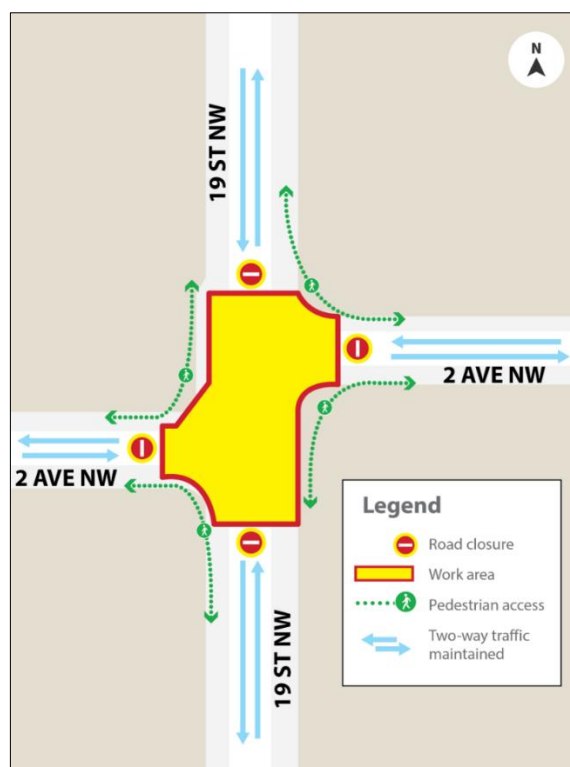

This and other minor work along the corridor is planned to finish at the **end of October**, weather dependent and will wrap up the 19 Street N.W. Improvements Project.

We will maintain access to all businesses on 19 Street N.W. at all times throughout construction and thank you for your ongoing patience.

Construction Impacts

- To minimize disruption, the intersection of 19 Street N.W. and 2 Avenue N.W. will mainly experience intermittent curbside lane closures during active work hours, reopening to traffic whenever work is paused. However, **the entire intersection will close for one full day on October 8**, when final paving takes place.
- 20 Street N.W. will be utilized as the primary detour route. Please follow the signage.
- Construction areas will be fenced off and/or flaggers will be present for safety.
- No significant parking impacts are anticipated for this stage of work. On-site conditions may require the temporary loss of one or two parking spots near the work zone. If any parking restrictions are needed, temporary no parking signs will be posted in advance.

Proposed construction map

Schedule

Work is scheduled to take place Monday to Saturday between 7:00 a.m. and 7:00 p.m., in accordance with The City of Calgary noise bylaw. The occasional Sunday work may be required based on schedule and weather considerations.

The work schedule may be affected by weather or other unforeseen circumstances.

Project Information or Questions

If you have any questions about this work or the project, please contact 311 or email us at rileyareaprojects@calgary.ca. You can also find more information at calgary.ca/rileyconstruction or by scanning the QR code.

Thank you for your patience as we wrap up the project.
