

# Construction Update: Bearspaw South Feeder Main

March 19, 2026

The City is expediting the construction of a replacement for the Bearspaw South Feeder Main due to the critical condition of the current pipe. The replacement project will add a parallel steel pipe to take over service from the current line and is expected to be completed in December 2026.

## Where we are working

- **16 Avenue N.W. between Monterey Avenue N.W. and Montgomery Avenue N.W.**
  - Construction on the final microtunneling shaft will begin March 24, 2026, and construction in the area will continue until the new pipe is completed in December 2026.
  - A construction work area will be set up in the parking lot on the south side of 16 Avenue N.W. between Monterey Avenue N.W. and Montgomery Avenue N.W.
  - Monterey Avenue N.W. and Montgomery Avenue N.W. will both remain open with access to 16 Avenue N.W.

## 16 Avenue N.W. traffic impact schedule

<b>March 24 – March 25, 2026</b>	Single lane eastbound closure on 16 Avenue N.W., between Monterey Avenue N.W. and Montgomery Avenue N.W.
<b>April 1 – April 15, 2026</b>	Both eastbound lanes on 16 Avenue N.W. between Monterey Avenue N.W. and Montgomery Avenue N.W. will be closed. Single lane traffic on 16 Avenue N.W. will be maintained in both directions.
<b>May and June 2026</b>	For two months, beginning in May, both eastbound lanes of 16 Avenue N.W., between Monterey Avenue N.W. and Montgomery Avenue N.W. will be closed. Single lane traffic will be maintained in both directions.
<b>July – December 2026</b>	Single lane eastbound closure on 16 Avenue N.W. between Monterey Avenue N.W. and Montgomery Avenue N.W.

## Construction impacts

As a resident or business in the community, you should expect the following impacts throughout construction:

- Heavy equipment and other construction vehicles around construction areas.
- Traffic impacts and lane reductions. There are no plans to detour traffic through residential neighbourhoods and we will be monitoring impacts throughout construction.
- Temporary street parking impacts.
- Fenced off areas for equipment and supplies.
- Noise, dust and vibrations.
- There are no planned water, gas or electric outages, but temporary shutoffs may be required.
