

## Bearspaw South Feeder Main replacement construction

June 26, 2026

The City is expediting the construction of a replacement for the Bearspaw South Feeder Main due to the critical condition of the current pipe. The replacement project will add a parallel steel pipe to take over service from the current line and is expected to be completed in December 2026.

**Feeder main construction will begin on 34 Avenue N.W., between 73 Street N.W. and Bowcliffe Crescent N.W. on July 8, 2026.**

### Where we are working

- **July 8, 2026:** 34 Avenue N.W., between 73 Street N.W. and Bowcliffe Crescent.
- Following completion on 34 Avenue N.W., between 73 Street N.W. and Bowcliffe Crescent N.W., work will begin between Bowcliffe Crescent N.W. and 77 Street N.W.

***\*Note: Construction on 73 Street N.W. to Bonita Crescent N.W., scheduled to begin on July 1, 2026, has been rescheduled. We will communicate a new start date when details are confirmed.***

### Construction details

- Beginning July 8, 2026, road closures and construction fencing will be put in place on 34 Avenue N.W. Between 73 Street N.W. and Bowcliffe Crescent N.W.
- The intersection of 34 Avenue N.W. and Bowmanten Place N.W. will be closed and traffic will be detoured through the alley.
- The intersection of 34 Avenue N.W. and 73 Street N.W. will remain open.
- The intersection of 34 Avenue N.W. and Bowcliffe Crescent will remain open.
- The sidewalk on the south side of 34 Avenue N.W. will remain open. The sidewalk on the North side of 34 Avenue N.W. will be closed.
- Deliveries of the new steel feeder main have started arriving at work areas. Steel pipe segments are arriving on large trucks that require space to operate and maneuver. To help ensure the safety of the community, there will be temporary parking restrictions in place in delivery zones between 7a.m. - 7p.m., Monday – Saturday.
- Transit routes will be impacted, please visit [calgarytransit.com](http://calgarytransit.com) for the most up-to-date information.

### Construction process

Crews will be excavating within the public right-of-way to install a new feeder main. The work area between 73 Street N.W. and Bowcliffe Crescent N.W. will require the installation of 36 segments of the new steel feeder main, this work will be completed using an open-cut approach.

#### Open-cut construction involves:

- Excavating a trench along the public right-of-way
- Installing the new pipe directly in the open trench
- Backfilling the trench and restoring the surface

### Construction impacts

As a resident in the community, you should expect the following impacts:

- Crews will be working Monday - Saturday 6:30a.m. – 9p.m, Sunday as required.
- Heavy equipment and other construction vehicles around construction sites.
- Traffic impacts and detours. Temporary street parking impacts.
- Driveway access may be impacted for some residents. City representatives will be reaching out to impacted property owners directly.
- Fenced areas for equipment and supplies.
- Noise, dust and vibrations.
- There are no planned water, gas or electric outages, but temporary shutoffs may be required.
