

Bearspaw South Feeder Main Construction

October 9, 2026

The City is expediting the construction of a replacement for the Bearspaw South Feeder Main due to the critical condition of the current pipe. The replacement project will add a parallel steel pipe to take over service from the current line and is expected to be completed in December 2026.

Feeder main construction will begin on Tuesday, October 13, 2026, at the intersection of 34 Avenue N.W. and 73 Street N.W.

Construction details

- **Feeder main construction will require the complete closure of the intersection at 34 Avenue N.W. and 73 Street N.W., from Tuesday, October 13, 2026, until approximately the end of November 2026.**
- This closure will begin following the completed paving and reopening of 34 Avenue N.W., between 77 Street N.W. to Bonita Crescent N.W.
- The primary detour for drivers and transit will be:
 - From Sarcee Trail onto 69 Street N.W. to 37 Avenue N.W.
 - 36 Avenue N.W. to 69 Street N.W. to access Sarcee Trail N.W.

Construction impacts

As a resident in the community, you should expect the following impacts:

- Traffic impacts and detours. Temporary street parking impacts.
 - During this time there will be no parking on the south side of 36 Avenue N.W. from 69 Street N.W. to 77 Street N.W.
 - During this time there will be no parking on the north side of 37 Avenue N.W. from 69 Street N.W. to 77 Street N.W.
- Crews will be working Monday - Saturday 6:30a.m. – 9p.m, Sunday as required.
- Heavy equipment and other construction vehicles around construction sites.
- Driveway access may be impacted for some residents. City representatives will be reaching out to impacted property owners directly.
- Fenced areas for equipment and supplies.
- Noise, dust and vibrations.
- There are no planned water, gas or electric outages, but temporary shutoffs may be required.
