Please be advised there is a fee for submitting a 2022 Assessment Information Request (AIR). See page 7 for details.

The City of Calgary Assessment business unit is governed by the *Municipal Government Act* (MGA) of the Province of Alberta and the Alberta Regulation 203/2017 Matters Relating to Assessment and Taxation Regulation (MRAT).

Section 299 of the MGA states that, *'An assessed person may ask the municipality, in the manner required by the municipality, to let the assessed person see or receive information prescribed by the regulations that is in the municipal assessor's possession at the time of the request, showing how the municipal assessor prepared the assessment of that person's property.'*

Section 300 of the MGA states that, *'An assessed person may ask the municipality, in the manner required by the municipality, to let the assessed person see or receive a summary of the most recent assessment of any assessed property in the municipality of which the assessed person is not the owner.'*

Section 27.5 of MRAT further states that, *'Subject to subsection (4), on request of an assessed person under section 300 of the Act the municipality must, and on request of an assessed person under section 300.1 of the Act the provincial assessor must, provide the assessed person with a summary of the assessment...'*

Note: These sections, in full, of the MGA and MRAT are attached at the end of this reference guide.

ACCESS TO INFORMATION

The Assessment business unit (ABU) provides a wealth of property and business assessment information pertaining to the current roll year on The City of Calgary Assessment website located at www.calgary.ca/assessment. In addition to the information provided on The City of Calgary Assessment website, the ABU also offers Assessment Search which is an online tool that offers expanded services to property and business owners with a helpful, convenient and system. This online tool provides property and business owners with access to a variety of web tools and services to access and review current roll year assessment information so that they can conduct more in-depth assessment research using real estate market information, summary assessment information of other properties and/or businesses and more detailed information on their own property and/or business.

Assessed persons and their authorized agents are encouraged to explore both The City of Calgary Assessment website and Assessment Search. For most property types there is sufficient information on these sources to compare property and business assessments.

2022 Assessment Information Request (AIR) Reference Guide

Requests for assessment information may only be made for the current 2022 assessment roll year as per section 27.2 of MRAT which states that, 'for the purposes of section 299 of the Act, the assessment of a person's property is limited to the assessment for the current taxation year.'

AUTHORIZATION OF AGENCY

An individual or company is permitted to act as a representative or authorized agent for the assessed person in interactions associated with the administration of certain aspects of the *Municipal Government Act*. Authorization of agency is an annual process which requires a property and/or business owner to complete the online authorization of agency process each year for each property and/or business assessment account through the Assessment Search service. Complete how-to information on this process is available on www.calgary.ca/assessmentsearch.
