

Calgary

What matters most to Calgarians

Calgary is Canada's fastest-growing major city and one of the world's most livable. In 2026, we invested more in the City services that matter most to you, including:

Infrastructure

Investing in Calgary's roads, parks and facilities, including the Northeast Athletic Complex and the historic Beltline YMCA.

Transit

Expanding the transit network while keeping transit affordable by funding the Low Income Transit Pass program.

Housing

Enabling 18,000 more homes to help increase Calgary's housing supply.

Public Safety

Improving public safety downtown and on transit. Working with partners to support those experiencing homelessness, mental health and addiction issues.
