

# Complete Building Permit Application Requirement List

## Repair after Fire

This checklist outlines all the information necessary to evaluate and provide a timely review and issuance of your application. Applications and materials submitted must be clear, legible, and precise. Plans/drawings stamped with “not for construction”, “preliminary”, or “for permit purposes only” are not acceptable.

For help with your drawings visit [calgary.ca/drawingstandards](http://calgary.ca/drawingstandards) for tips and examples  
To estimate your permit fees, use the applicable [fee calculator](#).

**NOTE:** Building and development permit applications must be submitted without personal information on any plans. Omitting this information will protect builders and tenants by reducing the risk of any personal information being wrongfully displayed, while also following the Province of Alberta’s FOIP Act. Failure to follow this requirement may result in an incomplete application. If you consider the information to be personal, do not put it on the plans.
