DEDICATION TO LOUELLA MAY CHANNELL

The City of Calgary Recreation, Culture Division, dedicates the “Cross Cultural Connections Directory” as a tribute to the late **Louella May Channell**, who passed away in January of 1994.

Louella had a passion for the arts. In the early 1960’s, she became a Recreation Coordinator in the Town of Montgomery, a separate municipality before its annexation in 1963 by the City of Calgary.

In the 1970’s, due to her persuasion, the management of the City of Calgary Parks & Recreation established a Cultural Resource Centre to help Calgary artists and performers.

Louella kept developing the Cultural Resource Centre for over twenty years and dedicated her life to promoting the arts to culturally diverse communities in Calgary.

The Calgary Parks & Recreation, Cultural Resource Centre changed its name several years ago and is now the City of Calgary Recreation, Arts & Culture Division.

Thanks to Louella, the humble Cultural Resource Centre from the 1970’s became one of the most significant arts supporting organizations with professional staff, and serving diverse Calgary populations with special attention to artists of all disciplines.

- To ensure that proposed developments meet the needs of the community by providing input to the City of Calgary on planning and development issues such as in-fill construction, roads, transit access, and noise by-laws – just to mention a few.
- To add a community perspective on important issues such as city wide initiative on behalf of the municipal government.
- To sponsor community programs that increase neighborhood safety and security. To organize and host public forums on major community concerns such as park development and property tax assessments.
- To provide opportunities for families to socialize and play together through neighborhood special events such as Stampede breakfasts, skating parties and other holiday celebrations.
- Neighborhood Community Associations are an important contributor to the quality of life that all Calgarians enjoy.

The vision of the Alberta Network of Immigrant Women is to empower immigrant women across Alberta to take an active role in our communities. We address issues that impact the lives of immigrant women in Alberta. The process starts with research that provides an evidence-based approach to building education and training programs to assist immigrant women in addressing the issues or realizing opportunities in their communities. Key to our efforts is the partnerships with women's organizations, ethno-cultural groups and other social sector groups that work with immigrant communities.

At Calgary Bridge Foundation for Youth, we work with new immigrants whose children attend school in Calgary. We help the children and their families settle into Canadian life. We do this by teaching them how to dress for winter, how to travel on the bus and train, how to find work and where to go if they need food, clothing, housing, legal services. Our staff can talk to individuals on the phone and also meet with them; these meetings can be in the family's home, in the library or in a place the family feels comfortable meeting in. Young people that are in school can join many programs: newcomer orientation, life skills development, mentorship, homework help and educational field trips. These programs will help kids and teenagers make friends and adjust to their new schools. Our programs are available during school hours and also between 3 p.m. and 5 p.m. We also plan evening and weekend trips to the theatre, to sports games and other fun activities. Our goal is to help new immigrants learn and adapt to Canadian culture, so they can make Calgary and Canada their new home.

Polish Scouting Association in Canada is a member of the global organization of the *Polish Scouting Association outside Poland*, which continues the ideals of the pre-war Polish Scouting movement and has been working for more than 60 years. Our mission is to enable girls, boys and young adults to develop to their fullest potential, as responsible citizens of Canada who serve God, help others, contribute to their communities and are proud of their Polish heritage. Our mission and various goals are achieved through non-formal, activity based, hands-on educational programs, by which the scouting life-style and traditions, and the Polish culture are fostered.
