

Are you ready?

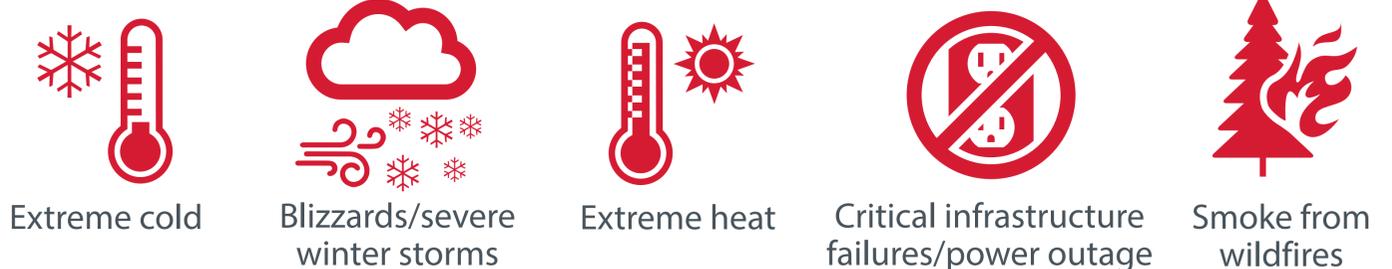

CEMA community survey 2022 results

LIVING WITH A DISABILITY

We asked Calgarians if they were ready for an emergency.
We heard from 548 residents who identified as living with a disability, this is what they told us.

What hazards are most likely to occur in Calgary in the next five years?

Living with disability

All respondents

69%	63%	Report being affected by a community wide emergency or disaster in the last five years.
75%	74%	See climate change as a severe threat to Calgary in the next 20-30 years.
33%	34%	Are prepared to be evacuated from their home with little to no notice.

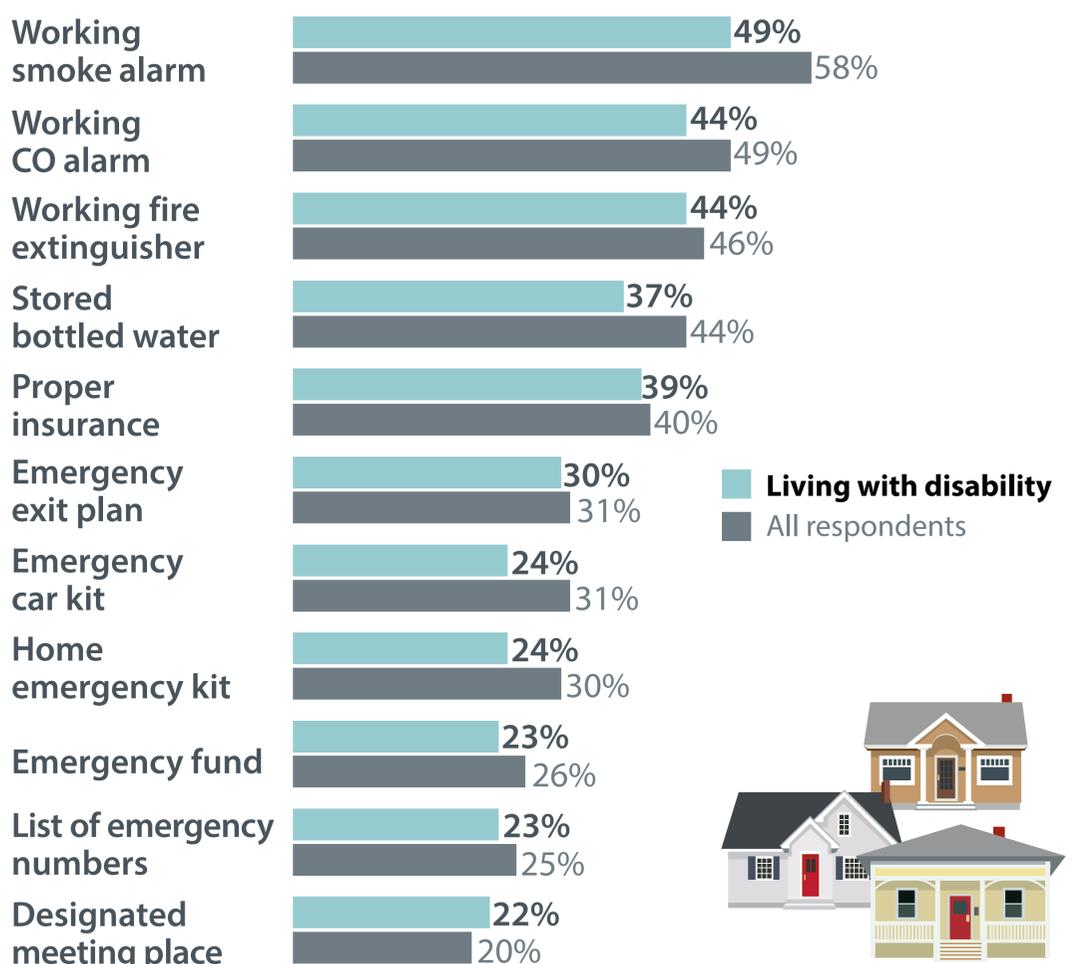

What stops you being more prepared for an emergency?

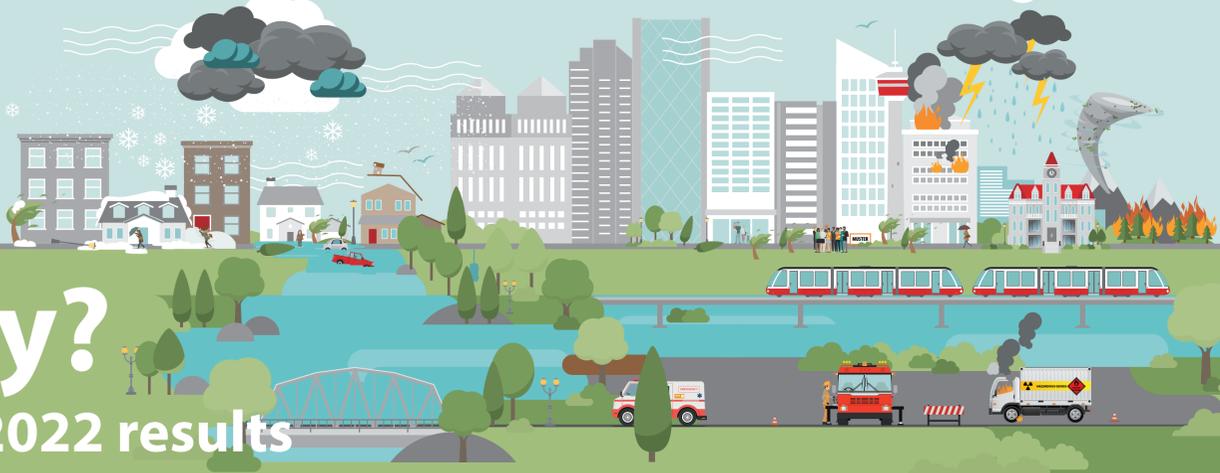

24%	22%	Don't have the resources for additional expenses
27%	29%	Need more information
21%	19%	Putting off becoming more prepared
19%	16%	Gave other reasons
10%	14%	Not enough time

What are you doing now to be prepared?
