

## Crowchild Trail Upgrades: Fall 2017 – Summer 2020

### Bridges and roadways

- 1 Completed life cycle rehabilitation and widening of the Memorial Drive, Bow River, and Bow Trail bridges
- 2 Added a northbound and southbound traffic lane on Crowchild Trail between Memorial Drive and Bow Trail
- 3 Added a northbound traffic lane on Crowchild Trail between Memorial Drive and 5 Avenue N.W.

### On and off ramps

- 4 From westbound Bow Trail & westbound 10 Avenue S.W. to northbound Crowchild Trail: moved on-ramps to right side of Crowchild Trail
- 5 From northbound Crowchild Trail to eastbound Bow Trail: added a merge lane to the off-ramp
- 6 From northbound Crowchild Trail to eastbound Memorial Drive: moved the off-ramp to the north side of eastbound Memorial Drive

### Pathways and crossings

- 7 Along the east side of Crowchild Trail from Kensington Road along the north side of Memorial Drive: added a pathway, connecting to the pedestrian overpass at 21 Street N.W.
- 8 Parkdale Boulevard and Kensington Road intersection: added a signalized pedestrian crossing to connect to the Bow River Pathway Network
