

Inglewood/ Ramsay City Projects Update – February 2021

See below for important updates on projects in the Inglewood and Ramsay communities.

Historic East Calgary Communities Local Area Plan – Engagement Opportunity

The new draft of the Historic East Calgary Communities Local Area Plan (also known as an Area Redevelopment Plan) is now available engage.calgary.ca.

It is the long-term vision for growth in the Ramsay and Inglewood communities, and surrounding areas. The policies in the new Local Area Plan (LAP) enable and support future planning and growth in the area, so your communities can continue to thrive in the coming years and decades.

When you read the LAP, it must be read with the Guidebook for Great Communities ([Calgary.ca/guidebook](https://calgary.ca/guidebook)). The Guidebook provides the foundational framework and policies for creating great communities, while the LAP offers additional local-specific guidance. If you're interested, you can review the [final proposed North Hills Communities Local Area Plan](#), for reference.

Join the conversation online – Feb. 12 to March 11

We still need some of your time. With the new LAP still in draft form, we're looking for more information from you:

- comments on the formal name of the document
- future investment opportunities for community infrastructure
- thoughts on the draft LAP

From Feb. 12 to March 11, you can provide your input on these topics. Once the engagement is done, we will continue to refine the LAP. Once the final draft is completed, we'll have it available for public review. Currently, we expect to take the Historic East Calgary Communities Local Area Plan to Standing Policy Committee (SPC) on Planning and Urban Development before summer 2021. For more information, please visit engage.calgary.ca.

Learn More about the Guidebook for Great Communities

We are offering virtual presentations and Q&A forums in February and March if you are interested in learning more about the Guidebook for Great Communities.

We'll cover why the Guidebook is necessary, the changes we made from Council's direction in July 2020, how we use it with communities to plan for growth. For more information on how to sign up for the virtual sessions, please visit www.calgary.ca/guidebook.

Green Line Enabling Works Update

Here is update on construction activities:

- At 12 Street S.E. and 17 Avenue S.E., ENMAX has completed their work. Shaw is currently finishing work here and Shaw is scheduled to finish their work at this site by February 15, weather dependent. Then, landscaping work will be completed in May.
- At Blackfoot Trail S.E. and 15 Street S.E., ENMAX, Shaw and TELUS will be working in this area until the end of April. This includes a significant amount of work along 15 Street S.E. between 9 Avenue S. and Blackfoot Trail, as well as, along Blackfoot Trail just south of Crossroads Market.
- Existing Transmission poles and lines will be removed from 11 Street S.E. between 17 Avenue S and 26 Street S by mid-May.

For more information, please visit calgary.ca/greenline.

Be a snow angel this winter

Calgarians are renowned for their acts of generosity during times of uncertainty, but sometimes it can be difficult to know exactly how to help. Something as simple as clearing a neighbour's sidewalk or driveway can make a world of difference.

Our Snow Angels program encourages neighbours to look out for one another by shoveling the sidewalks of people who could use a hand clearing the snow.

All residents are required to clear their sidewalks of snow and ice 24 hours after the snow stops falling. Those who fail to clear their sidewalks could face a hefty fine. To learn more on how to be a Snow Angel, please visit calgary.ca/SnowAngels

Stay connected on City projects in your community

Feel free to forward this newsletter to your neighbours and friends in your community. [Residents can sign up here for these email updates](#) to receive monthly news about City projects in the Inglewood and Ramsay communities.
