

Inglewood/ Ramsay City Projects Update – July 2021

See below for important updates on projects in and near the Inglewood and Ramsay communities.

Reopening of the East Elbow River Pathway under the CP Bridge - Project Update

The east Elbow river pathway under the Canadian Pacific (CP) tracks was temporarily closed to accommodate construction of the CP Rail bridge. With construction of the CP Rail bridge complete, the east Elbow River pathway under the CP Rail tracks has been paved and restored, and is now officially re-opened for people walking and wheeling.

Upcoming overhead bridge work on the CP Rail bridge near east-side pathway

To complete overhead bridge work, CP Rail will have flaggers on site in August at the east-side underpass under the CP Rail tracks. The flaggers will be on site to ensure safety by accompanying pedestrians near the overhead bridge work. As a result, east-side pathway users need to be prepared to experience travel delays while this overhead bridge work is completed. For more information on the CP Rail bridge, please visit [Canadian Pacific website](#), email community_connect@cpr.ca or call 1-800-766-7912.

The west Elbow River pathway along 7 Street S.E. will be re-opened once construction of the 9 Avenue S.E. bridge is complete in spring 2022. Information on detour routes is available below.

We thank you for your patience throughout construction. For more information, visit calgary.ca/9ave.

Inglewood Bird Sanctuary Reconnection - Project Update

The Inglewood Bird Sanctuary Reconnection project will ensure the health and longevity of the lagoon, create habitat for fish, birds and wildlife, add enhancements for park visitors and protection against future flood events.

Construction is now scheduled to start in 2022. Visit engage.calgary.ca/ibs to learn more.

We are committed to keeping you updated as information becomes available, and providing an opportunity to meet with the project team prior to any construction activity.
