

Inglewood/Ramsay Information Sessions Feedback – March 2017

We asked event participants to provide feedback about the **March 9 and 11, 2017** public information sessions. The following comments were submitted using the hard copy feedback forms at the event.

This information session was a good use of my time

Strongly Agree	Agree	Neutral	Disagree	Strongly Disagree

Comments:

- Interesting to see the 9 Ave Bridge options and to hear about the Sanitary Trunk Project
- Where is the Mayor and Councillor
- Who knows - what one hears at there and what transpires are not one and the same
- Too many unanswered questions - with regards to the impact on Ramsay and Inglewood

I'm satisfied with the opportunity to participate and learn about the different projects impacting the communities

Strongly Agree	Agree	Neutral	Disagree	Strongly Disagree

Comments:

- Green Line and hoping more BRT in the NW communities
- Immediately impacted residents not consulted beforehand
- Yes, we want to be engaged
- The City comes after core decisions are already made

Comments:

- Having all of the different project in one place helped me to understand the bigger picture
- Engaging Staff
- I learned lots
- Loved that there were lots of City Staff (expertise) members who actually work on the projects to answer questions

I'm satisfied with the opportunity to participate and learn about the different projects impacting the communities.

Comments:

- Having the opportunity to come on a weekend works better for me than a weekday evening
- Learning about what is happening at this stage is helpful but I wish there was more engagement leading up to this point

- Not sure where we citizens fit on engagement continuum
- I'd like more in depth discussion options on each project later
- I was welcomed in even tho I am from across the river in East
- We need a comprehensive presentation on how everything fits together, physicality, timing, etc.
- Yes, there were multiple sessions but this was the only one I could attend, and great location at festival Hall - accessible
- Much easier to have someone talk through the boards and explain the pictures and written text, thank you

Comments:

- Good to have lots of different ways to provide feedback. Everyone I spoke to was very knowledgeable
- Good amount of information on project that could/will impact my business on 9th Ave and wish there was more info on how this includes Streetscape master plan
- I liked that we could make comments on sticky notes, City Staff said they would make note of it and we can answer this survey and continue to provide feedback
