

Average daily weekday traffic (ADWT) is the average number of vehicles in 24 hours adjusted for seasonal variation to represent the average weekday. The numbers on this map are two-way totals.  
Volume on Provincial roads are provided by Alberta Transportation, which has been converted to ADWT.

This traffic flow map is intended to be a general representation of traffic volumes across the city. Traffic volumes shown are based on the last 5 years of data from a variety of sources and may reflect prevailing conditions including construction, detours and operating conditions in place during the current map year.
