

2025 Average Daily (24hr) Weekday Traffic Volume

Calgary, Alberta

Average Daily Weekday Traffic (ADWT) is the average number of vehicles in 24 hours adjusted for seasonal variation to represent the average weekday. The number on this map represents two-way totals. Volume on Provincial roads are provided by Alberta Transportation as a Weighted Average Annual Daily Traffic(WAADT). This traffic flow map is intended to be a general representation of traffic volumes across the city. Traffic volumes shown are based on 2025 data and may reflect prevailing conditions including construction, detours, and operating conditions in place during the year. The City of Calgary provides this information in good faith but provides no warranty, nor accepts any liability arising from any incorrect, incomplete or misleading information or its improper use. If you have any questions, require clarification or would like more details on this data, please call 311.
