

## List of Potential Improvements

---

The Parking Revenue Reinvestment Program provides funds to support vitality in business areas and communities with on-street paid parking. Reinvested revenues may be used for the following purposes within an applicable Business Improvement Area or Community Association:

- **Mobility-related capital items, including:**
  - Accessibility improvements
  - Bicycle racks
  - Bollards or gates
  - Crosswalk and intersection treatments
  - On-street parking configurations
  - Sidewalks
  - Streetlights (e.g. decorative poles, pedestrian lighting)
  - Traffic calming measures
  - Transit Furniture (including shelters and benches)
  - Way-finding infrastructure
- **Public realm-related capital items, including:**
  - Banners
  - Experiential lighting programs (e.g. lighting of facades, features)
  - Fences
  - Planters and flower baskets
  - Public Art
  - Retaining walls
  - Street Furniture
  - Trees and tree grates
  - Waste and recycling receptacles
- **Enhanced annual operational services, including:**
  - Boulevard maintenance, such as mowing or weed control
  - Graffiti Abatement
  - Planting of flowers
  - Pressure washing
  - Snow clearing and removal
  - Street sweeping
  - Waste collection
- **Planning or studies facilitating any of the above objectives**
- **City of Calgary staff time to support implementation of the above**

*Note, additional initiatives not listed above may be proposed for consideration by The City of Calgary. All potential improvements need approval from The City of Calgary before implementation.*
