Calgary

Memo

November 4, 2026

To: Calgary Residents

From: Nancy Mackay
Director, Water Services

RE: **Declaration of Mandatory Stage 4 Outdoor City Potable Water Use Restrictions**

Pursuant to section 20(1) of the Water Utility Bylaw 40M2006, I hereby declare a Stage 4 Outdoor City Potable Water Use Restriction in effect commencing November 4, 2026 at 12:01am ABT for the entire City of Calgary.

There are four stages of mandatory outdoor water restrictions, based on the severity of the water shortage. I am declaring a Stage 4 Outdoor City Potable Water Use Restriction in support of the Bearspaw South Feedermain tie-in work which requires the feedermain to be shut down to complete.

These restrictions are enforceable by fines up to $3,000 per offence under the Water Utility Bylaw 40M2006. Stage 4 Outdoor City Potable Water Use Restrictions are listed in Schedule “E” in the Water Utility Bylaw. This declaration has been advertised in accordance with section 20(4)(b) by City press release and notice on the City’s website.

Regards,

Nancy Mackay
Director, Water Services
Operational Services
