

WATER RESOURCES REDEVELOPMENT STRATEGY

Water Resources is pleased to release the attached strategy to help further facilitate redevelopment. This Redevelopment Strategy sets out Water Resources’ specific objectives and actions aimed at supporting strategic intensification of developed areas within The City of Calgary and will improve the approach used to accommodate redevelopment. Helping to enable redevelopment and strategic intensification of existing developed areas will allow Calgary to continue to grow and prosper.

By the end of 2018, Water Resources will deliver on nine specific actions:
