

Blackburn RD & 36 Avenue SE Local Drainage Improvements

May 2022

Background

We're investing in upgrades to water infrastructure to enhance the safety of residents and businesses, and to protect vulnerable areas from damage caused by stormwater.

The Local Drainage Improvements (LDI) Program aims to better manage stormwater and avoid pooling of stormwater and snow melt. These improvements include the installation of additional storm pipes and storm drains and upgrading existing infrastructure to increase the flow of water into the stormwater management system.

Construction impacts

Construction will start at Blackburn RD & 36 AVE SE on May 24th, and will continue until May 30, 2022.

- The intersection at Blackburn RD SE & 36 AVE SE will be closed.
- Detours and parking restrictions will be in place for the duration. (Please see Figure below.)
- For safety, the work site will be barricaded during construction.

Project information or questions

Please contact 311 with any questions or concerns about this work. For more information visit calgary.ca/waterprojects.
