

## Construction Update: Bearspaw South Feeder Main Repair

September 24, 2024

The City of Calgary is in the final stage of repaving 33 Ave N.W. as part of the urgent repairs we made to sections of the Bearspaw South Feeder Main.

### **UPDATE: 33 Ave. N.W. All Sites**

We plan to complete paving on Wednesday, September 25 with the road reopening in both directions by Thursday, September 26.

### **Road Repair on 85 St N.W.**

We are repairing and paving 85 St N.W. between 33 Ave and 34 Ave, which is scheduled to be closed to traffic from September 27 to October 4.

As a result, there will be local parking restrictions on 34 Ave N.W. west of 83 St N.W. to accommodate trucks and equipment for paving 85 St N.W.

### **Waste, Recycling and Compost**

All waste, recycling and compost services are anticipated to resume normal pick-up scheduling the week of September 30.

### **Temporary Permitted Parking Lot**

The temporary permitted parking lot located at 34 Ave. N.W. and 86 St. N.W. will be closing on the morning of Thursday, September 26, so **please remove your vehicles by 7 a.m.**

### **Sidewalk, Curb, and Driveway Restoration**

Curb, gutter and driveway restoration is now complete. Several driveways are still barricaded to ensure vehicles do not damage the concrete while it is curing. These barricades will be removed once the concrete finishes curing.

### **Landscaping Restoration**

Landscaping restoration is ongoing and is scheduled to be complete by the end of the week.

**Thank you for your support and patience throughout the duration of these repairs to the Bearspaw South Feeder Main.**
